Education

2022 – PRESENT
Bachelor of Science in Information Technology
Pamantasan ng Lungsod ng Valenzuela

2020 – 2022
Senior High School - Science, Technology, Engineering, and Mathematics (STEM)
A.F.G. Bernardino Memorial Trade School

Skills

Technical Skills:
- Tools and Technologies:
  - Visual Studio Code, GitHub

- Multimedia Tools:
  - Blender, Figma, Photoshop,

- Front-end Development:
  - Html, CSS

- Office and Productivity Tools
  - Microsoft Office, Excel

Soft Skills:
- Team Collaboration
- Communication
- Adaptability

Summary

I am a 3rd Year Information Technology student at Pamantasan ng Lungsod ng Valenzuela, gathered experiences of basic UI/UX tools such as Figma and applied basic front-end development. Other tools with basic skills and interest are Photoshop for logos and poster design and 3D modelling in Blender. I am eager to keep learning more about ever-evolving world of technologies. I am currently seeking an On-The-Job-Training (OJT) opportunity to apply and develop skills for future growth.

Academic Experience

Graphic Designing and Creative Illustrations
- Created a portfolio of posters, logos, artistic illustrations and 3D models using Blender, Photoshop, and Ibis Paint.
- Contributed an UI/UX for an interface as part of the development team using Figma.
- Directed and assisted a very short film in Multimedia using Blender

Front-end
- Illustrations and Figma to design a Website for a portfolio and assisted in developing a team website as a final project in Software Development.
